New Concept: Riverside Trail Only
Responds to MNRR Comments

ADDRESSES SEVERAL PROBLEMS WITH ONE INITIATIVE

- Fills a 0.6-mile gap in Westchester RiverWalk;
- Provides enhanced recreational access along the Hudson River
- Provides transportation alternatives to automobile travel;
- Connects to:
 1. Metro North rail service at Tarrytown Station;
 2. Emerging waterfront development and riverfront parks in Tarrytown and Sleepy Hollow;
 3. The Old Croton Aqueduct State Historic Park;
 4. Historic sites such as Lyndhurst and Sunnyside and Rockwood Hall State Park;
 5. The new multi-modal “side path” along Route 9 and the Shared Use Path across the Governor Mario M. Cuomo Bridge.
